

VCF to CSV Converter

(Software Guide)

Overview

The **MSOutlookHelp vCard to CSV Converter** is a user-friendly and efficient tool designed to simplify contact management. It enables quick conversion of vCard files to CSV and other formats without data loss. Ideal for both personal and professional use, the tool supports bulk conversion and ensures data integrity throughout the process. With its intuitive interface, users can seamlessly transfer contact details for easy access and organization across platforms.

What's the New Update?

• Improved conversion speed for faster processing of large contact files.

- Refined user interface for a smoother and more intuitive experience.
- Added support for more CSV formats like Google, Yahoo, and iCloud.
- Enhanced data security during conversion and file saving.
- Better compatibility with all vCard versions and Windows OS updates.

Key Features

- Best tool for **batch VCF to CSV conversion** and offers a fast processing speed.
- Able to **convert VCF file to CSV**, **PDF**, **Excel**, and **DOCX** formats with ease.
- Transfer contacts from VCF to **Outlook CSV**, **Google CSV**, **Yahoo CSV**, and **iCloud CSV**.
- Preserve 100% data **originality**, **confidentiality**, and **integrity** after conversion.
- The **preview** feature allows you to cross-verify the content before converting.
- A competent tool to convert **large vCard files** containing thousands of contacts.
- Option to **skip previously migrated** contacts from the selected VCF file.
- Helpful to protect the **resultant PDF file** by applying the Set Password feature.
- Support all vCard versions, such as vCard 2.1, 3.0, and 4.0.
- Choose to convert vCard contacts to CSV with or without contact pictures.
- A **Demo (Free) version** of this utility is available to analyze its functionality.
- Fully compatible with all Windows versions, including **Windows 11, 10, 9,** etc.

Minimum System Requirements

- **Processor:** Intel® Core™ 2 Duo CPU E4600 @ 2.40GHz 2.39GHz"
- **Operating System:** Windows 11/10/8.1/8/7/Windows Vista/ XP and below versions
- Hard Disk Space: 1 GB of free hard disk space required
- **RAM:** 4 GB of RAM (4 GB is recommended)

Installation Process of Aryson Software

 Firstly, visit the official website of Aryson Technologies. (<u>https://www.arysontechnologies.com</u>)

- 2. After that, click on the **Product Section** of the **Website** and choose the software that you need to download from the navigation list.
- 3. After that, you will find a product description page for your selected software.
- 4. From the description page, tap on the **Download Now** button.
- After downloading, double-click on the downloaded .exe of the tool. Or visit the download location on your computer and **run the software as an** Administrator.

6. Click the **Next** button to continue the installation setup of the software.
